MESSAGE

The inauguration of High Court of Sikkim Museum on the 8th of December, 2017 established in the old Chief Justice Bungalow which itself is a heritage would commence a period of understanding, appreciating, researching collating historical records and artefacts which would inevitably lead to better knowledge and learning.

I am extremely happy to go through the compendium of the High Court of Sikkim Museum compiled by Ms. Yangchen Doma Gyatso, Advocate under instruction of the Museum Committee. I congratulate Justice Bhaskar Raj Pradhan, Judge-in-charge, Justice A.P Subba (Retd.), Chairman and all the members of the Museum Committee who have worked tirelessly to establish the Museum within a short period of one year. The Museum is unique and traces not only the evolution of the Courts and laws in Sikkim but also documents landmark and historical events of Sikkim. The establishment of the Museum and the release of the compendium would definitely mark an important day not only for the High Court of Sikkim but for the State as well.
